Depth of product	45 mm
Installation depth	33 mm
Operating method / Way of operating	rocker button
Number of buttons / levers	2
Connection layout	Single button
Model	Single push button
Number of poles	1
Mechanical control	Yes
Use	Central roller shutter push button allows for central control of roller blinds. The roller blind button DZP1.01 connected to group and local roller blinds controllers, can be used as a central roller blind push button. Thanks to it, it will be possible to open and close all roller blinds from one place. A central button installed in a convenient place will make it easier and faster: lowering all roller blinds in the house when we go to work or go to sleep, raise all roller blinds when we get up in the morning or return home.
